

# TEMSTAR REFRIGERATED INTERMODAL SERVICES

**One Source. Many Modes. Endless Solutions.**

An economical alternative to over-the-road transit for the most temperature-sensitive shipments. Mode Transportation's TemStar will move your products quickly, affordably and with unmatched temperature consistency.

## WHY CHOOSE MODE TRANSPORTATION FOR YOUR REFRIGERATED INTERMODAL TRANSPORTATION NEEDS?

We know the margin of success can often be measured by just one degree. Mode Transportation's intermodal system was designed specifically for refrigerated product transport. Our custom intermodal reefer trailers move on high-priority, dedicated trains. Equipped with 120-gallon fuel tanks and satellite technology, these articulated flatcars eliminate slack, greatly reduce vibration and allow real-time track and trace along with remote temperature monitoring. It all works together to provide safe, timely transit of your most sensitive products.

## MODE TRANSPORTATION'S TEMSTAR SERVICES

- ➔ Dependable, cost-effective transport — designed specifically for temperature-sensitive goods.
- ➔ Truck-competitive transit times — we deliver expedited services.
- ➔ Environmental compliance — our fleet of more than 500 units meets or exceeds the latest California environmental regulations set by the California Air Resources Board (CARB).
- ➔ Transcontinental transport - reach destinations between the Northeast, Midwest and West Coast.

## PLUS THE VALUE OF MODE TRANSPORTATION CAPABILITIES

- ➔ Carbon footprint reduction — Mode Transportation's intermodal services provide a greener transit solution.
- ➔ Real-time track and trace with temperature control monitoring — our Web-based satellite technology feeds information to a highly effective data reporting system.
- ➔ Reduced claims risks — specially designed intermodal reefer trailers move on high-priority, dedicated trains that provide a smoother ride and secure on/off ramping.

## THE ADVANTAGES OF MODE TRANSPORTATION'S TEMSTAR SERVICES

- **Competitive rates and fuel savings** — compared to over-the-road transport.
- **Ease of doing business** — Mode Transportation manages the transit from order tendered to order received.
- **Dependable capacity** — regular customers are protected from driver/truck shortages.
- **State-of-the-art equipment** — GPS-monitoring and CARB-compliant refrigeration.
- **Experience with temperature-sensitive commodities** — such as candy, dairy, beverages and cosmetics, for a variety of Fortune 500 companies.
- **Visibility** — TRITAN™, Mode Transportation's proprietary, web-based transportation management system, gives you real-time shipment status information anytime, anywhere.
